

OSHA 7405: Fall Hazard Awareness for the Construction Industry **Fall Prevention Stand-Down Event**

#StandDown4Safety

STAND-DOWN FOR WHAT?

Falls are the leading cause of fatalities in the construction industry. Fall fatalities are preventable, but fall prevention standards are among the top ten most frequently cited OSHA standards. This complimentary event will feature the short course, OSHA 7405: Fall Hazard Awareness for the Construction Industry, and an industry expert panel discussion.

OSHA 7405: FALL HAZARD AWARENESS FOR THE CONSTRUCTION INDUSTRY

OSHA 7405 covers the identification, evaluation, prevention and control of fall hazards in the construction industry. This course focuses on falls to a lower level resulting from slips and trips. Course topics include identifying, analyzing, and preventing fall hazards utilizing OSHA Fall Protection Standards.

EVENT TOPIC HIGHLIGHTS

- Building a Fall Protection Toolkit
- Safety and Health for Women in Trades
- Fall Prevention Technology
- Fall Regulations, Policy, and Guidance
- Industry Leaders Panel Discussion and Q&A
- Fall Prevention Hierarchy, Systems, and Training
- And More!
