EMERGENCY SAFETY SPECIALIST CERTIFICATE PROGRAM

safe workplaces, sustainable communities

This certificate program provides a solid foundation in safety for Safety Officers, Assistant Safety Officers, and other positions in an incident command structure. This program is intended to augment training taken through FEMA in order to provide skills and knowledge necessary to ensure the safety of workers participating in all phases of an incident response.

BENEFITS OF EARNING AN EMERGENCY SAFETY SPECIALIST CERTIFICATE

- Advance your career by bringing essential knowledge and skills to your workplace.
- Create a safer workplace environment for yourself, your co-workers, and your employees.
- Gain confidence and knowledge about OSHA standards and best practices from the only OSHA-authorized training center in Region 10.
- Apply your previously completed OSHA courses towards certificate completion, and receive discounts on any courses taken after graduation.
- Select elective courses that pertain to your workplace and career goals.

TO APPLY

1. Visit the Certificate Programs tab of our website, osha.washington.edu
2. Pay the \$95 application fee
3. Register for courses

COURSE CREDITS

125.5–136.5 contact hours
12.5–13.6 CEUs
Depending on elective courses chosen
