

Health and Safety Solutions in Agriculture

Webinar Series for Safety Managers and Health Educators

This 4-part series provides resources for employers, managers, safety professionals, and community educators involved in worker health and safety training in both English and Spanish. Each session will be led by a line-up of faculty from the Pacific Northwest Agricultural Health and Safety (PNASH) Center and partners who will invite discussion and share lessons learned, practical resources and ready-to-use toolkits for understanding and preventing injuries and illnesses on the farm. **Topics include sexual harassment prevention, heat illness education and awareness, dairy safety and health, and pesticide safety.**

REGISTRATION & LOGISTICS

See reverse for webinar series schedule.

Single Webinar Registration - \$25
Series Registration (four webinars) - \$75

To register, visit osha.washington.edu or contact ce@uw.edu or 206-685-3089. Registration scholarships are available! Contact pnash@uw.edu for more information.

Webinars will be conducted live, using zoom video conferencing technology in both English and Spanish. A stable broadband connection is required for participation.
